With the fields of public administration and public management suffering a crisis of relevance, Alasdair Roberts offers a provocative assessment of their shortfalls. The two fields, he finds, no longer address urgent questions of governance in a turbulent and dangerous world. *Strategies for Governing* offers a new path forward for research, teaching, and practice. Leaders of states, Roberts writes, are constantly reinventing strategies for governing. Experts in public administration must give advice on the design as well as execution of strategies that effective, robust, and principled. *Strategies for Governing* challenges us to reinvigorate public administration and public management, preparing the fields for the challenges of the twenty-first century.

ALASDAIR ROBERTS is Director of the School of Public Policy and Professor of Political Science and Public Policy at the University of Massachusetts, Amherst. He is author of *America's First Great Depression* and *The End of Protest*. Follow him on Twitter @alasdair-roberts.
